[†] COSTCO instant rebate is available for a limited time between 11/9 - 11/15. Taxes are applied to the regular price before discount is applied. While supplies last. Available to residents of Newfoundland and Labrador only. * To benefit from the takeCHARGE credit you must meet eligibility requirements. Rebate will be applied as a credit on your electricity bill. To be eligible for this rebate, you must be the homeowner. Your home must have an active electricity account, be on a permanent foundation and be intended as a residence. Your primary source of heat must be electric. If an additional heating source is used, your home must have a minimum annual electricity usage of 15,000 kilowatt hours (kWh). All required information must be completed, including a valid electricity account number and a copy of the purchase receipt. Electronic and programmable thermostats used to control electric heating systems are eligible. Thermostats must have a setting precision of +/- 0.5 degrees Celsius. A rebate is only provided if no other person or contractor has received a rebate for the same thermostat. Offer subject to change or cancellation without notice. Please allow 6 to 8 weeks for the on-bill credit. Newfoundland Power and Newfoundland & Labrador Hydro will not honour warranties and guarantees and are not responsible for any damage caused by the installation of these products. Newfoundland Power and Newfoundland and Labrador Hydro may visit your home and confirm the thermostat installation at any time within 15 months from when the rebate was processed.
