

2017 Home Show Winsulation Contest Official Rules

ELIGIBILITY:

- To be eligible to enter and win a Prize, you must be a resident of Newfoundland and Labrador. You are not eligible to enter or win a Prize if you are an employee of Newfoundland Power or Newfoundland and Labrador Hydro (the Sponsors), their affiliates and related companies, advertising or promotional agencies or a member of the immediate family of such employee (defined as parents, siblings, children and spouse, regardless of where they live). To be declared a winner of the Prize, your home and project must meet all existing eligibility criteria for the takeCHARGE Insulation Rebate Program including:
 - a) You must be the homeowner and your home must have an active electricity account.
 - b) Your home must be on a permanent foundation and intended as a residence.
- Only insulation required to complete the insulation project is eligible for the rebate. The insulation must meet R-Value requirements:
 - a) Minimum R18 to maximum R25 for basement and crawl space walls.
 - b) Minimum R30 to maximum R35 for basement and crawl space ceiling.
 - c) Minimum R50 to maximum R55 for attics.
- The rebate applies to pre-tax insulation costs. Other materials and labour will not be reimbursed. Insulation must be purchased after the date the Prize is awarded. You may add to existing insulation to reach the recommended R-value, but the rebate will not be provided to replace existing insulation.
- The Prize will be paid for basement/crawl space walls or basement/crawl space ceiling insulation upgrades, but not both, and for attic insulation upgrades.
- No purchase necessary. If the winner is not eligible for the insulation rebate, or has already completed an insulation upgrade, they are permitted to transfer the Prize to a friend or family member that meets the eligibility criteria or they may choose a \$600 credit towards another eligible energy efficient product or products included in the suite of takeCHARGE residential programs. This value represents the difference between the average takeCHARGE insulation rebate and the average total pretax material costs to insulate the attic and basement, to a maximum \$1,500 per area, for customers who have received a rebate.
- Rebate must be claimed by March 31, 2018.
- Winner does not need to be present when Prize is drawn to win.
- There will be one prize drawn on Monday, April 10th.
- Newfoundland Power and Newfoundland and Labrador Hydro may visit your home and inspect the insulation upgrade at any time within 15 months from the date of application.
