I declare that I am the homeowner and that the information on this form is, to the best of my knowledge, accurate and complete. I acknowledge that the work was carried out as described above and that this rebate does not constitute an endorsement or approval by Newfoundland Power Inc. or Newfoundland and Labrador Hydro or any of their employees of any goods or services furnished or rendered in connection with said work.

Signature of Customer: _____ Date: _____

☐ I agree to the terms and conditions of the rebate program as presented below.

***TERMS AND CONDITIONS:** To be eligible for this rebate, all required information must be completed, including a valid electricity account number, and a copy of purchase receipts. Your home and project must meet all eligibility requirements. Offer subject to change or cancellation without notice. Please allow up to 8 weeks for the on-bill credit. Newfoundland Power and Newfoundland and Labrador Hydro will not honour warranties and guarantees, and are not responsible for any loss or damage(s) caused by the installation of these products. Newfoundland Power and Newfoundland and Labrador Hydro may visit your home and confirm the insulation installation at any time within 15 months from when the rebate was processed.

By submitting this application to takeCHARGE, the applicant(s) consents to the reasonable use and disclosure of data, including their personal information, for the purpose of administering takeCHARGE programs.

ELIGIBILITY REQUIREMENTS*

HOME ELIGIBILITY	PROJECT ELIGIBILITY
<ul style="list-style-type: none"> New and Existing homes are eligible. New homes must have an occupancy permit when the pre-retrofit home energy assessment is completed. Your primary source of heat is electric. If an additional heating source is used your home must have a minimum annual electricity usage of 15,000 kilowatt hours (kWh). You are the homeowner and have an active electricity account. Your home is on a permanent foundation and is intended as a primary residence. Contractors and landlords can participate in the rebate program if they meet eligibility requirements. Your home must have a heating and ventilation system. 	<ul style="list-style-type: none"> Pre and post-retrofit home energy assessments must be completed by registered Natural Resources Canada (NRCAN) Certified Energy Advisors. Your project meets a minimum 10% improvement in air leakage rate. (air changes/hour) The rebate amount is based on the improvement in your air leakage rate. Materials and labour will not be reimbursed. Air sealing measures can be completed by customer (DIY) or contractor. You will not be eligible for a rebate if there is a change in the volume of your home after the initial assessment. Post-retrofit home energy assessment must take place after December 12th, 2022.

How to apply?

Apply online at TakeChargeNL.ca or by mail to the Utility that issues your electricity bill.

A copy of your pre and post-retrofit home energy assessment reports must be included with the completed application.
